VINH TUONG TOPLINE Plus STANDARD EXPOSED CEILING GRID

Reasons for choosing the product

SOLID: Made of G550-steel strength, ensure the solidity, not to curve when being bent at 180°. The product ensures the safety of ceilings and walls.

LEAD FREE: The lead content is zero, ensures safety for user's health.

NO RUST: The grid is galvanized with golden resin layer of double chromaticity, increasing antirust due to salty sweat, moisture resistant, durability of ceilings system.

Inkjet printing "Materials provided by BlueScope"

Product is metallic golden and printed with VINHTUONG logo
Note lot number: Lot:123456789-012

Vinh Tuong logo is embossed on wall angle

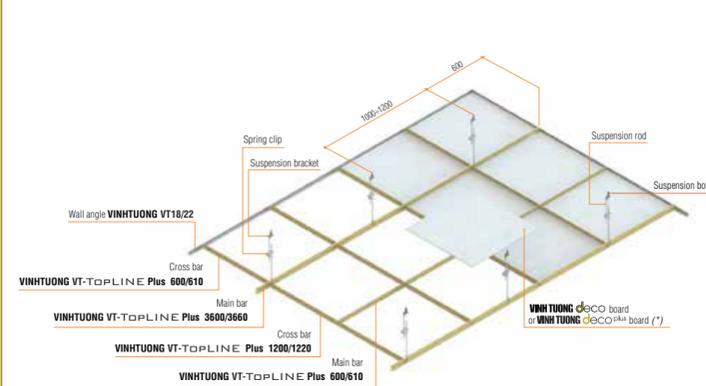

NEW RATCHET

- **Tighter, secure connection** by stake-on clip
- **Easy to install** by 45 degree bevel cut on new ratchet
- **Sag resistance** by superlock clip technology
- Because of smaller H slot innovation,
TOPLINE Plus main bar only fits with TOPLINE Plus cross bar

TOTAL CEILING & DRYWALL SOLUTION
